Lewis E. Melahn
Director

To The Citizens of Missouri:

I am pleased to present the 120th edition of the Missouri Division of Insurance "Annual Report and Statistical Data" covering the calendar year 1989.

I have now completed a full year as Director of Insurance. It has been an exciting, if sometimes exasperating, year with fast-paced changes and complicated issues constantly before me. The challenges which face an insurance regulator today are extremely complex. Especially challenging is the balance of ensuring insurance availability at reasonable rates while at the same time allowing insurance companies to remain solvent and viable business entities.

The insurance industry, through the payment of premium taxes and license fees, is one of the largest contributors to the general revenue fund of the state of Missouri. Insurance companies operating in the state were assessed a total of $136,052,826.62 in premium taxes and fees for 1989. As of December 31, 1989, there were 1,653 companies doing business in the state, 230 domiciled in Missouri.

Our Consumer Service Section continues to serve the citizens of this state in an outstanding fashion. During 1989, the consumer service representatives in the three offices, Jefferson City, Kansas City and St. Louis, handled 6,881 complaints and 39,533 inquiries and were able to recover $5 million for Missouri consumers. Besides handling complaints and counseling consumers on insurance buying, during the year the section distributed informational brochures on most lines of insurance to the public, provided public speakers for a number of consumer groups and conducted informational seminars.

In addition, our Special Investigators were involved in 967 complaints against agents, brokers and agencies. Fines and forfeitures paid because of these investigations and investigations conducted by the financial examination and market conduct teams amounted to approximately $258,000 being paid into the state school funds by the insurance industry.

The year 1989 saw our Licensing Section gearing up to handle the added responsibilities associated with the continuing education law which became effective January 1, 1990. The section sent out notification to over 70,000 agents and brokers in the state outlining the new requirements, in addition to reviewing and helping to determine the criteria for what would constitute credit for continuing education.

The legislature in the 1990 session has indicated through the passage of HB 1739 which, along with many other aspects gives us dedicated funding, and SJR 31 which, if approved by the voters in November, will raise us to a department status, that they are willing to give this division more regulatory power and autonomy. With such expansion of authority goes even greater responsibility for us who make up the Division of Insurance to effectively regulate the insurance industry in this state.

I believe we are capable and ready to handle these new challenges. We look forward to being able to further develop our outreach program to the people of Missouri and, in particular, the senior citizens of the state and to having the tools and the authority necessary to monitor the solvency and market conduct of the insurers who do business in this state.

I invite the citizens of Missouri to take advantage of the services that are available through the division and to call on us whenever you have an insurance problem.

LEWIS E. MELAHN
Director of Insurance

THE DIVISION OF INSURANCE

THE DIVISION OF INSURANCE

The Missouri Division of Insurance is a division within the Department of Economic Development. It was created by an act of the Missouri Legislature on March 4, 1869 to regulate the insurance industry.

When the division was first created, there were 171 insurance companies doing business in the state, 51 of which were Missouri companies. On December 31, 1989, there were 1,653 companies doing business in the state, with 230 being Missouri domiciled.

During 1989, the division staff consisted of one half-time and 81 full-time employees, including two employees of the federally funded Missouri crime program and four employees dedicated to maintaining the data for agents' continuing education requirements. Eleven separate sections make up the division: Administration, Consumer Services, Examination, Legal, Licensing, Life and Health, Market Conduct, Property and Casualty, Receiverships, Statistics, and Support Services.

The main office of the agency is located in the Truman State Office Building, 301 West High, Room 630, Jefferson City, 65102. Branch offices are located at 615 East 13th Street, Room 512, Kansas City, 64106 and the Wainwright Building, 111 North 7th Street, Room 229, St. Louis, 63101.

There have been numerous changes in its operations and laws over the 121 years since its organization, however, the Missouri Division of Insurance has always been, and continues to be, a dominant agency in the operation of the state. It is dedicated to the concept that insurance should be made available without discrimination and at the best possible price to the Missouri consumer.

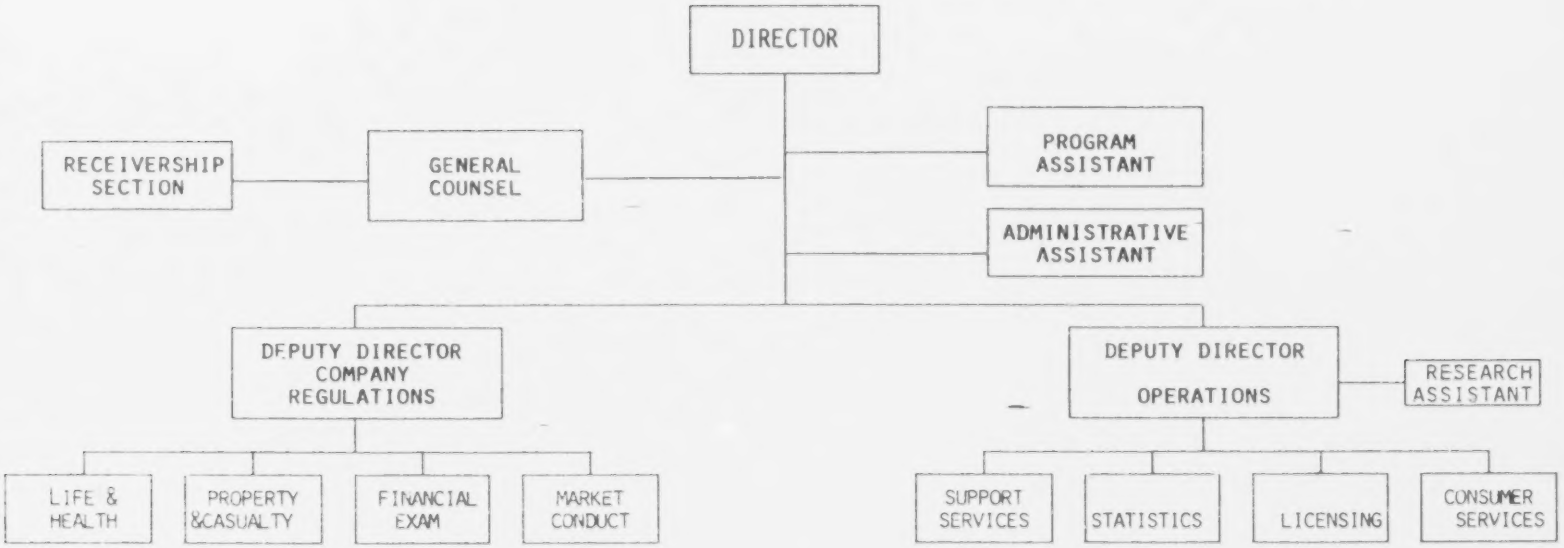
MISSOURI DIVISION OF INSURANCE

ORGANIZATION STRUCTURE



ADMINISTRATION

The Director of Insurance is appointed by the Governor of the state with the advice and consent of the Missouri Senate.

The Director is responsible for the administration of the division. His administrative staff consists of a Deputy Director of Company Regulation, a Deputy Director of Operations, an Administrative Assistant, a Program Assistant, a Research Assistant, and two secretaries.

The administrative staff help the Director in making policy decisions for the division, provide research and other support to the Director on his legislative agenda, work with the legislature on division proposals, oversee the functions of the various other sections, coordinate the activities of the division, provide public information through press releases, public speaking and special reports and conduct internal auditing for the other sections.

LEGAL SECTION

The Legal Section is comprised of a General Counsel, Associate General Counsel, four additional attorneys, three special investigators, and two secretaries. Its primary duty is to assist the Director in the enforcement and interpretation of the Missouri laws.

Division attorneys conduct hearings on a variety of issues including the acquisition or merger of insurance companies, reinsurance proposals, change in workers' compensation rates, and enforcement of insurance statutes and regulations.

The section assists in the approval of amended certificates of authority, amendments to articles of incorporation for domestic companies, changes in beneficial ownership of shares of stock, proxy and information statements, approval of proposals for deposits of deeds of trust and policy reserves. It also approves and monitors the admission of foreign companies to do business in the state of Missouri and the withdrawal of companies from the state.

The Legal Section provides assistance in the filing of receivership and conservatorship documents. In addition, the section is charged with the responsibility for enforcement of the Missouri Insurance Holding Company Act.

The staff counsel assist the Director and administrative staff in drafting proposed legislation and in following it through the legislative process. Constant review and redrafting of regulations and recently enacted legislation are ongoing projects of the legal staff of the Division of Insurance.

Staff counsel also handle legal issues and proceedings relating to financial and market conduct examinations.

The division Special Investigators are included as part of the Legal Section staff. They are responsible for investigating complaints filed against agents, agencies and brokers and, in addition, are used for a variety of other investigative assignments. The legal staff attorneys work with the investigators to enforce the laws and regulations governing agent and broker behavior in the state and appear before the Administrative Hearing Commission to represent the division in agent, agency and broker licensing disputes. During 1989 the investigative staff handled 967 complaints on agents, brokers, and agencies.

RECEIVERSHIPS

The Receivership Section has the responsibility of monitoring, advising, investing money and reporting on the operations of insurance companies in rehabilitation or liquidation under the supervision of the Director of the Division of Insurance.

As of December 31, 1989, the domestic companies in liquidation and their liquidation dates were:

Company	Liquidation Date
Continental Security Life	7-07-89
Holland-America Insurance Company	3-06-87
Medallion Insurance Company	9-12-75
Mission Reinsurance Company	3-06-87
Missouri General Insurance Company	9-12-75
Missouri National Life Insurance Company	6-29-89
Professional Mutual Insurance Company	10-09-87
Transit Casualty Insurance Company	12-03-85

The following companies are domiciled in other states but are reviewed as ancillary receiverships by the section:

Proprietors Insurance Company	8-05-81
Mission Insurance Company	3-06-87

The Missouri Property and Casualty Guaranty Fund was established in 1978 to provide protection for consumers in the event of the insolvency and subsequent liquidation of a property and casualty company. On August 13, 1988, the Missouri Life and Health Insurance Guaranty Association Act became effective. This act provides life, annuity and health benefits for claimants of licensed insolvent life and health companies. The Receivership Section works with these guaranty funds to keep the public informed of the protection available to it.

TRULY AGREED TO AND FINALLY PASSED
INSURANCE-RELATED BILLS
1989 LEGISLATIVE SESSION

Senate Bill 228 Tax on Mutual Insurance Companies Exempts Missouri mutual insurance companies organized under Chapter 380 from corporate income tax. This exemption is effective for all tax years beginning after January 1, 1990.

Senate Bill 250 Regulation of Insurance Makes changes in the regulation of insurance. (1) Calls for a fee of a thousand dollars to be charged for making valuations of policies filed with the division. (2) Eliminates outdated language, bringing investment requirements up to date and correcting inconsistences in capitalization requirements. (3) Requires fifteen days prior written notice to policyholders of any proposed increase in auto insurance premiums. (4) Allows a supplemental assessment or certification of additional tax liability or delinquency within three years after a return is filed, or at any time if no return is filed, for the purpose of collecting insurance premium taxes. (5) Allowing issuance of surplus lines licenses to corporations is deleted and allows resident brokers and certain nonresident licenses; amends regulations of sales and surplus lines insurance.

Senate Bill 251 Third Party Administrators Regulates the activities of third party administrators of insurance policies providing life, health, workers' compensation or annuity coverage.

Senate Bill 333 Missouri Property and Casualty Insurance Guaranty Association Clarifies the law pertaining to the Guaranty Association by reorganizing and renumbering its sections. Extends coverage to Missouri mutual companies and extended Missouri mutual companies. Gives the director the power to order prepaid dental plans which are violating the statutes which govern them to cease and desist from such violations.

House Bill 161 Public Entity Liability Amends the law relating to exposure to tort liability by public entities purchasing liability insurance.

House Committee Substitute for House Bill 615, 563 Medicare Supplement Changes the law pertaining to Medicare supplement insurance policies, involuntary unemployment insurance coverage, and the treatment of insurance agents by states which prohibit Missouri agents from placing coverage in their state unless a policy is countersigned by an agent from that state.

House Bill 726 Motor Vehicle Parts Aftermarket crash parts for motor vehicles shall display the logo or name of the manufacturer of the part when the part is supplied by a non-original equipment manufacturer.

House Bill 774 Malpractice Insurance Allows certain non-resident professionals to be insured by Missouri malpractice insurance associations if they work for Missouri corporations, partnerships or associations which are themselves insured by, or are to be insured by, such malpractice insurance entities.

House Bill 795 Child Health Insurance Health insurance policies which extend coverage to family members shall offer coverage for "child health supervision

services," which are periodic reviews of a child's physical and emotional status made by a physician or pursuant to a physician's supervision.

House Bill 893 Car Rentals Sets forth a statute concerning deceptive and unfair practice for purposes of the Merchandising Practices Act for a car rental company or employee to misrepresent any element of a rental agreement transaction or to fail to disclose to consumers all material facts and restrictions applicable to the rental of a vehicle or in the sale of optional products or services. Contains provisions regulating the use of "collision damage waivers" in rental agreements.

Company Regulation

COMPANY REGULATION

The Company Regulation subdivision is comprised of the four areas of the Division of Insurance most directly involved with the regulation of the companies' day-to-day business practices. They are financial examination, market conduct, life and health, and property and casualty.

The Financial Examination and Market Conduct Sections are focused on audits of the insurance industry of the state of Missouri. Financial audits are performed on the insurance companies incorporated in the state. Performance and compliance audits are conducted by the Market Conduct Section on all insurance companies authorized to transact the business of insurance in Missouri. These companies include not only those incorporated in Missouri but all the 1,653 companies with certificates of authority allowing them to sell insurance to Missouri residents.

The Life and Health and Property and Casualty Sections are responsible for the review of company products, rates, and underwriting rules. The level of their review authority varies by product and coverage type. Some insurance products must receive prior approval of the division before being sold in the state. Other products may be sold prior to being submitted for review but must be placed on file with the division.

It is the object of the Company Regulation subdivision to audit the insurance industry to determine potential problems in the area of solvency and market behavior. At the same time, using the information developed from these audits, the section seeks to establish standards of review of insurance products and to apply these standards to assure that the insurance buying public in the state of Missouri is receiving quality coverage for the premiums paid.

FINANCIAL EXAMINATION SECTION

The activities and personnel of the Financial Examination Section are divided into six areas and are under the supervision of the Chief Examiner. In addition to the Chief Examiner, the staff includes the Assistant Chief Examiner, six internal members, 25 field examiners, and two surplus lines examiners.

The responsibilities of the section include the following: (1) to prevent the insolvency of domestic insurance companies; (2) to take appropriate legal action to limit damage to policyholders and taxpayers caused by insolvent insurers; (3) to determine the financial condition of all domestic and foreign companies operating in the state; (4) to allow financially sound and competently managed companies to be formed as Missouri domestics or to be admitted as licensed insurers; (5) to supervise the activities and operations of all excess and surplus lines; (6) to evaluate business being placed in the non-admitted market; (7) to supervise the examinations of all domestic companies in Missouri; (8) to assess and effect the collection of all premium taxes and filing fees that may be due the state of Missouri and (9) to assist the general counsel in matters pertaining to receivership, hearings for mergers, reinsurance or sale of companies.

The units within the section and their respective responsibilities follow:

Acquisitions and Financial Analysis

This unit is involved in financial analysis of insurance companies in the process of merging, acquiring and divesting. The information derived from this analysis is used in hearings on such activity and in recommendations given to the director.

Over the last two years, computerized analysis of companies' financial statements has been developed. The analysis includes a two-stage desk audit for each company. The first step is a manual check of each annual statement as to assets, surplus capital, income, and market value of capital deposit. The second check involves use of the NAIC data base information system and is performed after all insurance companies have filed their annual statement diskettes with the NAIC. Companies which this analysis indicates may be potential problem companies are closely monitored through additional requests for information and through required quarterly reporting to the division.

This unit also reviews through the NAIC database the early warning ratios (IRIS) and other state regulatory information (RIRS).

Excess and Surplus Lines

The excess and surplus lines unit is responsible for regulating the excess and surplus lines market through surplus lines licensees. Individuals licensed for surplus lines may procure coverage for their customers from eligible surplus lines carriers when coverage is not available through the admitted market.

Pursuant to Section 384.043, individuals holding a resident property and casualty broker license may be licensed for surplus lines by passing an examination, completing an application, filing a $10,000 bond and remitting a fee of $50. The Missouri surplus lines licensee is responsible for filing with the division a written report on each surplus lines placement within 30 days of the effective date of the coverage.

As of December 31, 1989, 343 individuals held a Missouri surplus lines license. There were 13,016 surplus lines placements and 9,159 amendments to these placements approved during 1989.

Surplus lines brokers are assessed a five percent tax on net premium written. Section 384.057 requires that all individuals licensed for surplus lines file a tax report before March 2 on all surplus lines transactions for the previous year. This tax generated $5,125,756 for the 12-month period ending December 31, 1989.

The Missouri surplus lines law also allows an individual to self-procure insurance in the surplus lines market. Self-procured surplus coverage generated a tax of $767,862 for the period ending December 31, 1989. This made a total of $5,889,320 surplus lines tax collected during the year 1989.

Surplus lines audits conducted by the two surplus lines field examiners during 1989 revealed $305,166 in unreported taxes for former years. This tax was collected during 1989.

A list of Missouri approved non-admitted carriers is included in the "Insurers Section" of this report.

Field Examination

The Director of Insurance has the authority within the Missouri Insurance Code to call for an examination of domestic companies whenever it is deemed necessary. The division currently operates on a flexible examination system with examinations being performed on an as needed basis based on a review of the companies' financial statement. Some companies may be examined more often than every three years and some less often than every three years.

The Chief Examiner arranges the scheduling of all examinations and assigns the necessary examiners to conduct them. Financial examiners conduct audits following recognized examination procedures in accordance with the Missouri Insurance Code and National Association of Insurance Examiners.

The following companies were examined during 1989. The date shown is the ending date of the period the examination covered.

Securities

The securities unit is responsible for the control and accounting of joint deposits required by Missouri law to be held as security for the benefit of policyholders. Life companies have a reserve deposit requirement. At one time, this represented the major portion of the joint deposits, however, because of the establishment of the life and health guaranty association in 1988, the companies were granted the privilege of withdrawing 80 percent of their reserve deposits immediately and five percent a year for the next four years. The securities, which are kept in safe deposit boxes in Jefferson City, Kansas City, St. Louis and Springfield, must be eligible for deposit according to the Missouri statutes. Security balances are verified with the individual companies via the financial examination process.

Certified copies of security deposits are available upon request.

Securities on deposit with the Missouri Division of Insurance as of December 31, 1989 are shown below.

Type of Deposit	Percent of Total Deposits	Total Amount of Deposits
Bonds	67%	$1,602,628,008
Stocks	3%	68,470,650
Mortgages	30%	725,548,908
TOTAL DEPOSITS	100%	$2,396,647,566

Listed below are deposits for the last ten years by year.

Year	Deposit	Year	Deposit
1980	$2,567,224,035	1985	$3,521,384,345
1981	$2,720,049,738	1986	$3,971,038,116
1982	$2,794,442,992	1987	$4,813,941,392
1983	$2,990,591,804	1988	$3,082,003,985
1984	$3,149,781,638	1989	$2,396,647,566

Tax and Audit

The tax and audit unit of the Financial Examination Section has the responsibility for determining the amount of premium taxes payable by each insurance company. Annual tax returns are to be filed by March 1 of each year for the previous year's business. After an audit of these tax returns, the Division of Insurance certifies to the Department of Revenue the amount of tax due from each company. Tax assessment notices for the June 1 quarterly are prepared and mailed by the Department of Revenue about April 30.

Missouri requires quarterly tax prepayments. These payments are required to be 25 percent of the prior year's tax amount and are due on March 1, June 1, September 1 and December 1. The June payment is a reconciling payment wherein any overpayment of the prior year's tax is applied to the June 1 prepayment and any further overpayment is available for refund. Any balance of the prior year's tax is also collected on June 1 with the quarterly prepayment. Refund claim forms are issued to any company with a credit balance on the subtotal line of the June 1 assessment notice. The company may either return the claim form, signed and notarized, to receive a refund or allow the overpayment to be applied toward the September or December quarterly tax prepayment.

Beginning in 1989, insurance companies were required to collect a second injury surcharge from the workers' compensation policyholder for funding the second injury fund. The surcharge rate is to be determined each year by the director of the Division of Workers' Compensation. For 1989 and 1990 the surcharge rate was three percent. Money collected for this fund is remitted to the Department of Revenue 30 days after the close of each quarter.

The Missouri premium tax is two percent. A number of tax credits are allowed against this tax, including credits for: examination fees, income taxes, franchise taxes, valuation fees, Secretary of State registration fees, personal property tax, neighborhood assistance, and insurance guaranty association assessments. The total credits allowed for 1989 were $14,471,519.41.

Missouri law also allows direct premiums to be reduced by dividends, returned premiums and group health benefits paid, and since 1986, premiums on annuities. Deductions from direct premiums written for group health benefits paid to employer and union groups during 1989 amounted to $527,957,288, while deductions for annuities were $1,014,514,627.

The following recapitulation is for taxes assessed on April 30, 1990 for the calendar year 1989.

RECAPITULATION OF TAXES

PREMIUM TAX	
Life Insurance Companies	
Missouri Premium Tax	$ 39,720,168

SECOND INJURY FUND SURCHARGE	
Self-Insurers	$ 4,202,237
OTHER FEES COLLECTED BY THE DIVISION OF INSURANCE	$ 9,082,219
TOTAL	$136,052,827

LIFE AND HEALTH SECTION

The Life and Health Section is primarily responsible for reviewing the life and health contracts and related forms marketed in Missouri. This responsibility extends to coverage offered by all insurers, health maintenance organizations, health service corporations, fraternal benefit societies, and prepaid dental plans licensed in Missouri. The section consists of a supervisor, five compliance technicians, and two clerk typists.

The products offered for sale in the state are analyzed to assure that they comply with applicable Missouri statutes and regulations. The companies must receive formal approval of these products before they may be marketed in the state.

Due to the continuous development of new products, adoption or revision of statutes and regulations and forces of competition, companies are constantly updating their portfolio of products. The life and health section received over 12,000 form and rate filings in 1989.

The section also has the responsibility for regulating the rates charged for Medicare supplement coverage. Insurers must return, in the form of benefits, 60 percent of the premium collected on individual policies and 75 percent of the premium collected on group policies.

The only other area of life and health coverage in which the rates are regulated is credit life and health insurance. The section reviews credit rate filings to assure that rates for these coverages do not exceed the rates published in statute unless the loss experience submitted with a rate deviation filing warrants an increase.

In addition to its review of products, the section publishes a report showing the experience of each of the health maintenance organizations licensed in the state.

The personnel of the section are available to the public to answer questions and to speak before consumer groups concerning life and health coverage in the state. They also represent the director of insurance on several insurance advisory boards.

MARKET CONDUCT EXAMINATION SECTION

The Market Conduct Examination Section is charged with the responsibility of examining all companies licensed to do business in the state for their conduct in the market place. A Chief Market Conduct Examiner, Exam Coordinator, and 26 field examiners make up the section.

Market Conduct is essentially interested in the performance of the industry toward the consumer. The section also evaluates the competitive environment in which the industry functions. Examinations may include (1) analysis of Missouri rate structures; (2) review of individual policy rate applications; (3) review of policy forms, endorsements and company filings; (4) review of company practices and procedures; (5) assessment of a company's claims practices and procedures; (6) review of licensing agents, agencies and brokers and company marketing activities; and (7) review of company reporting procedures for Unclaimed Property collection. Examinations targeted to a specific problem area are also conducted.

Company products and practices are evaluated in light of the needs of the insurance buying public. Careful attention is given to all insurance department statutes and regulations intended to protect the consumer. During the examination process, companies with unpaid or inadequately paid claims are directed to remit these to the consumer or other appropriate party to whom they are owed.

Two new areas of examination were introduced by the market conduct staff this year. They were the examination of health maintenance organizations and preparation for the examination of third party administrators. A law giving the division authority to regulate third party administrators became effective in August, 1989 and the Market Conduct Section will be responsible for examination of these entities.

During 1989, the section examined the following 69 companies:

American Bankers Life Assurance Co of Florida
American Casualty Company of Reading
American Central Insurance Company
American Employers Insurance Company
American Independence Life Insurance Company
American Life & Casualty Company
American Manufacturers Mutual Insurance Company
American Motorists Insurance Company
American Protection Insurance Company
Atlas Insurance Company

Stewart Title Company
Transcontinental Insurance Company
Transportation Insurance Company
Travelers Insurance Company
Travelers Insurance Company of Illinois
Twin City Fire Insurance Company
United States Fidelity & Guaranty Company
Valley Forge Insurance Company
West General Insurance Company
Western Fidelity Insurance Company

PROPERTY AND CASUALTY SECTION

The Property and Casualty Section consists of a Supervisor, four Compliance Technicians, a Casualty Program Analyst, and two supporting clerical staff.

One of the primary responsibilities of the section is the review of the policy forms, endorsements, rules and premium rates submitted by insurance companies and the determination that they are in compliance with the rules and regulations of the insurance laws of the state of Missouri.

The section monitors rates, using the parameters of Missouri's open competition laws, to determine whether or not the rates filed are in compliance. After review, if serious questions of compliance exist, the staff will address its concerns to the company through correspondence or by calling a conference with company representatives to discuss the matter.

Another area of responsibility is oversight of advisory, rating, statistical, and joint underwriting associations and organizations. The section reviews all documents required for the licensing or other authority for these groups. Compliance for these organizations includes the filing of the association by-laws and membership lists, agent for service of process, qualifications to act and an agreement to be examined.

Insurance pools established to provide coverage for applicants who are unable to purchase protection in the voluntary markets are also under the scrutiny of the Property and Casualty section. The section staff submits to the director of insurance recommendations for the disposition of rate, rule and form filings submitted by and for those pools. The pools thus far established in Missouri which fall under the division jurisdiction are the Joint Underwriting Association (automobile insurance), Missouri Property Insurance Placement Facility or FAIR Plan (fire insurance) and the Workers' Compensation Insurance Plan for the liability of employers.

Workers' compensation insurance administration does not fall under Missouri's open competition rating structure. Rates for this line of business are determined after public hearing and rules and forms must be approved prior to their use by a company. The criteria for disposition of the rates by the director are similar to those criteria employed for monitoring the competitive rate system and the Property and Casualty Section works closely with the legal and administrative staffs to determine what the rates for workers' compensation insurance should be.

The property and casualty staff also calculate and process experience ratings, classifications, premium taxes and second injury fund surcharges for workers' compensation self-insured employers and certify to other state departments the amounts due and owing from those employers.

The staff of this section, in addition to the regulatory functions, answer questions from the public, serve as the director's representative on several advisory boards, and are available for public speaking assignments on property and casualty issues.

Operations

OPERATIONS

The Operations subdivision is comprised of those areas which support the division as a whole. The areas are Consumer Services, Licensing, Statistics, and Support Services.

The Consumer Services Section not only is responsible for answering complaints and inquiries from Missouri consumers but also provides the Financial Examination and Market Conduct Examination areas with information that might trigger an exam. It maintains complaint indexes by reason for complaint on all companies and may be the source of the first indication that a company is having difficulty paying claims and is in financial trouble. Consumer inquiries or complaints might also indicate that unapproved forms are being used.

Licensing maintains detailed records on all individuals licensed in the state and works closely with the Legal Section and the Special Investigators to provide up-to-date information on those licenses.

The Statistical Section, in addition to receiving data and compiling reports as required by law, also provides support to the other division sections. For instance, the section maintains the loss ratio statistics on medicare supplement policies.

Support Services handles all personnel support, including personnel files and payroll deductions, and is responsible for managing the division budget.

CONSUMER SERVICE SECTION

The Consumer Service Section handles complaints and inquiries from the public concerning insurance companies, health service corporations, health maintenance organizations and general insurance issues. The section acts as a liaison between the consumer and the company to resolve insurance disputes.

The staff of the section in the Jefferson City office consists of a Supervisor, three Consumer Service Representatives, a Processing Coordinator, and a clerk typist. There is also a Branch Manager, Consumer Service Representative and clerk typist in the Kansas City and St. Louis offices.

During 1989, the section processed 6,881 complaints, answered 39,533 inquiries, and helped collect over $5 million for Missouri consumers. Since 1973, the section has collected over $54 million for Missouri citizens.

The nature, type and disposition of every complaint filed against an insurance company doing business in the state of Missouri is recorded into a computer. This information is one of several tools used to determine whether companies operating in Missouri are abiding by Missouri law in their dealings with policyholders.

Consumers are able to call or write the division and obtain the financial status, licensing status and number of complaints filed against companies operating in our state. This information is especially helpful to consumers who are shopping for insurance coverage.

In addition to handling complaints, the Consumer Service Section provides many other services. Consumer Service Representatives are available in any of the three offices to counsel individuals on their insurance needs and to review policies that they have or are considering for purchase. The section also is responsible for distributing the several shopping guides and informational brochures that the Division produces.

The section conducts seminars on insurance issues, provides speakers, and participates in other insurance-related consumer activities.

LICENSING SECTION

The Licensing Section processes all applications for licenses and maintains computer records on the 86,000 insurance agents, 9,000 brokers and 6,000 agencies, as well as surplus lines brokers, bail bond agents, general bail bond agents, public adjusters and public adjuster solicitors.

The section has a staff of 13, including a supervisor and an assistant supervisor.

Certification letters, clearance letters, and renewal licenses are issued daily by the section. During 1989, over 10,000 examinations were administered for the various licenses requiring an examination.

The section also processed 52,711 appointments and 28,899 terminations received from insurance companies. All companies are required to notify the Division of Insurance when they appoint or terminate an agent.

In addition to the licensing requirements, the section monitors all schools and their instructors providing pre-licensing education courses. Pre-licensing education is required of all Missouri residents applying for an agent or broker license.

The Licensing Section will also be responsible for maintaining the continuing education records for all licensed agents and brokers. As of January 1, 1990, all individuals holding an agent or broker license in Missouri must complete continuing education courses, unless they reside in another state that also has enacted and implemented mandatory continuing education. Continuing education credit hours may be earned by completing insurance professional designation courses, insurance college courses, self study courses, or by attending lectures, seminars and workshops. Successful completion of any examination leading to a professional designation also earns C.E. credit hours. To date, approximately 650 courses have been approved in Missouri.

STATISTICAL SECTION

The Statistical Section consists of three employees whose primary responsibility is to collect, edit, compile, analyze, and provide summarized statistical information concerning the insurance industry in Missouri. The section also provides actuarial, computer, and other technical support to the other sections in the division.

The data provided by the Statistical Section is used to identify problem areas concerning the availability, solvency, rate inadequacy, rate excessiveness, market conduct and trends of the insurance industry.

The section compiles all data reported by companies under requirements set forth by regulation or statute. During 1989 over 5,000 statistical submissions were received from companies. All submissions were reviewed for accuracy and completeness before they were entered into the division's database.

The section also helped generate data used to calculate assessments for the guaranty fund and has provided much of the company financial data used in this report.

In addition to the extensive database maintained in-house to generate reports, the Statistical Section has access to the National Association of Insurance Commissioners State Data Network. The NAIC's database contains the data from the annual statements for all companies writing business in any of the 50 states. This information is used to provide comparisons by company.

The reports listed below are published annually by the Statistical Section and are made available to the public through the Missouri State Library System:

1. Missouri Market Share by Line of Business
2. Missouri Medical Malpractice (Closed Claim) Report
3. Missouri Products Liability (Closed Claim) Report
4. Missouri Private Passenger Automobile Report
5. Missouri Homeowners Insurance Report
6. Missouri Legal Malpractice (Closed Claim) Report
7. Missouri Commercial Liability Report
8. Missouri Real Estate Malpractice (Closed Claim) Report

In addition, the following studies are compiled annually for in-house use only:

1. Missouri Complaint Indices
2. Missouri Profitability by Line by Company (P&C Only)
3. Credit Insurance Experience Report
4. Medicare Supplement Experience Report
5. Mortgage Guaranty Report

SUPPORT SERVICES SECTION

The Support Services Section is responsible for personnel management, the division budget, and permanent records in the office. The section also supervises the word processing, accounting and support functions of the division. The section consists of a Supervisor and staff of eight full-time and one half-time employees.

The Division of Insurance is funded through general revenue and the annual budget is approved by the legislative appropriations process. The Support Services Section manages the annual budget to assure adequate appropriations are available to support the funding necessary to carry out the division's responsibilities.

Although premium taxes are paid to the Department of Revenue, the Division of Insurance is responsible for collecting and depositing to the correct state funds the license fees, regulatory fees, excess lines of insurance tax, and the fines and forfeitures levied by the division. Support Services strives to maintain a 24-hour turnaround time between receipt and disbursement of these moneys. A schedule of the revenues collected by the section during 1989 is listed below.

Revenues Collected

Calendar Year 1989

Agent License	$ 695,306.80
Broker License	163,599.00
Other Licenses and Permits	110,405.00
Certification & Clearance Letters	14,897.25
Regulatory Fees	2,661,564.02
Filing Fees	320,595.00
Excess Lines of Insurance Tax	4,804,390.87
County Foreign Insurance Tax	23,091.50
State School Money	257,735.79
Examiners Sick Leave Assessment	30,568.64
Other Miscellaneous Receipts	45.00
Vendor Refunds	11.00
Recovery Costs	8.75
Total	$ 9,082,218.62

A financial statement of the Division's activities is shown below:

FY 89
July 1, 1988 - June 30, 1989

Appropriation	Amount	Expenditures
Personal Service-General Revenue	$1,571,768	$1,312,843
Expense and Equipment-General Revenue	362,659	313,648
Personal Service-Federal Fund	28,482	21,499
Expense & Equipment-Federal Fund	20,768	11,135
Personal Service-Examiners' Sick Leave Fund	36,000	23,081

FY 90
July 1, 1989 - June 30, 1990

Appropriation	Amount	Expenditures As of 4/30/90
Personal Service-General Revenue	$1,609,195	$1,312,843
Expense and Equipment-General Revenue	309,659	214,093
Personal Service-Federal Fund	29,918	21,440
Expense & Equipment-Federal Fund	20,768	10,574
Personal Service-Examiners' Sick Leave Fund	36,000	26,465
Personal Service-Insurance Continuing Education Trust Fund	70,000	0
Expense and Equipment-ICETF	30,000	978

THE INSURERS

The data used to prepare this report was extracted from the NAIC's State Data Network. The correctness of this report is dependent on the accuracy of the information contained in the annual statements filed by the insurers. We have taken great care in seeing that all companies are included in this report, however, an omission may occur.

NUMBER OF INSURERS BY TYPE AS OF DECEMBER 31, 1989

Type of Company	Licensed	Domicile
Assessment	2	2
FAIR Plan	1	1
Foreign Fire	11	1
Fraternal Benefit	40	2
